Abstract:

The STOP TB Partnership's theme for World TB Day 2011 is "On the Move Against Tuberculosis: Transforming the Fight Towards Elimination." The campaign was inspired by the Global Plan to Stop TB 2011-2015: Transforming the Fight-Towards Elimination of Tuberculosis, which was launched by the Stop TB Partnership in October 2010. This year's campaign will focus on recognizing individuals – doctors, nurses, managers, patients, activists and advocates, and researchers around the world who have found new ways to fight and stop TB in different settings and can serve as an inspiration to others.

On this website, you will find a media centre, blog, and resources. These resources include campaign documents, posters, and t-shirt designs. The resources come in six languages - Arabic, Chinese, English, French, Russian, and Spanish.
